YOU WORK HARD...

YOUR EQUIPMENT SHOULD TOO.

For more than 40 years we've been manufacturing protective products that keep you and your equipment working hard season after season and keep your budgets from bottoming out.

LundellPlastics

HARD WORK. MADE SIMPLE.

UHMW Wearshoes™ can fit onto new or worn steel auger flights, thus extending the life of any auger.

ExoPlate™ liners extend the life of your machinery and protect from potential loss of grain, saving you time and money.

PolyCupped™ Flighting delivers more intact seed through gentle seed handling.

BIGGER. BOLDER. BETTER.

THE GREAT PLAINS BD7600

Great Plains keeps raising the bar when it comes to seeding performance in a box drill. The legendary **BD7600** features an industry-leading box capacity, a durable, field-tested design, and the Great Plains Metering System for greater accuracy across all seed types, from traditional to cover crops. With optional hydraulic drive and DrillCommand®, producers can achieve superior versatility and variable-rate seeding from the cab and take advantage of cost-saving section control features. Now available in a new 50' model, the BD7600 rivals the productivity of an air drill with the simplicity of a box drill.

Check out the full line of BD7600 box drill models at www.GreatPlainsAg.com or visit your local Great Plains dealer.

Bringing next-level accuracy, convenience, and functionality to help you farm smarter.
